POLICIES AND TERMS

Shipping Charges

USPS: \$5.50

UPS: \$7.50

Rush: \$20

Orders over \$200 are shipped free of charge by UPS

I partner with a print company that enables me to give you the quality prints and many additional printing options resulting in the best possible portraits for your home. By ordering prints through the professional printing company, you can have prints delivered directly to your door and never have to return to a studio for pick-up. The shipping charges are exactly what the printing company charges. I have not added any additional charge.

All orders will be shipped within three weeks from the time that the order is placed. Orders shipped by UPS usually arrive within two days from the time they are shipped. If you have questions as to the shipping status of your order you may look up your order through the order status page, or you may contact Lauren.

Payment

You may pay online with MasterCard, Visa, American Express, or Discover. If you are not comfortable with online payments, you can place the order directly through me and pay by check. There is a \$25 service charge on all returned checks.

Copyrights

All copyrighted photographs and other images on this website are the exclusive intellectual property of Lauren Shinn and are protected under United States copyright law. You must request and receive written permission from Lauren Shinn to use any of these photographs and/or images in any manner.

The photographer reserves the right to use any and all images taken on commission, as examples of past work, in a sample portfolio. These images will not be sold, but may be shown to other prospective clients.

The client obtains rights to personal (noncommercial) use of these photos, but not copyright ownership. If more rights are needed by the client, they may be obtained from the photographer. You can view them, display them, publish them, trade them, loan them, give them away or enjoy them freely in many other ways.

Clients may not copy the photos without obtaining the permission of the photographer. Clients may not sell the photos for profit, as that would be a commercial use.

Liability

Shinn Shots, and the photographer Lauren Shinn, is not liable for any mishaps that may occur during a photo shoot. If children are involved, parents should always be present.

Warranty

If you are not satisfied with your order you may return it within 3 weeks of receiving it. After your returned products have been received by Lauren, a refund check or replacement products will be mailed back to you, depending on the circumstances of the return.

Returns

Photographs may not be returned for any reason other than a damaged product. If you would like to return a non-photo product, contact Lauren for return instructions.

Other/FAQ

If there are any special instructions associated with your order, please notify Lauren when the order is placed.

Pictures will be available for six months online. Please take care to select your favorites quickly so that you, friends, and family will have time to order prints from the finished images.

PRICING

Photo Session: \$30 Sitting Fee

Getting your picture taken is fun! Forget waiting an hour (or more) past your appointment time at the mall trying to keep your kids happy and fed. I will travel to your location of choice for a 2 hour session (3-4 hours for newborns) for a **\$30 sitting fee**. Although I shoot with natural light, I do have backdrops available for more formal portraits. You will be able to view and order your pictures through an online photo gallery. I take between 150 and 300 pictures during a session.

I am based in Sugar Hill, Georgia but am willing to travel in and around the Atlanta area. **Locations further than an hour and a half away will include a \$20 travel fee.** I travel to Greensboro, North Carolina several times throughout the year and am available for photo sessions during those times.

Events: \$15 an hour

I love to tell stories with my pictures. I am available to take pictures for birthdays, reunions, parties, births, everyday life, or any other special event. **Pricing is \$15 an hour.** I will arrive an hour before the event for set up and will stay an hour after the event to make sure I capture everything. Therefore, please plan on paying me for the hours of the event and two additional hours to cover before and after the event.

Digital Images: \$18 each or \$150 for 50 digital images

As a person who loves pictures, I really understand the value of having digital images. I offer digital prints on CD or by download with the rights to reproduce all images as many times as you want. Edited hi-resolution digital images are available to purchase for **\$18 each, or \$150 for 50 digital images.** I recommend to clients that 8x10 prints or larger be printed by Shinn Shots. The quality of printing is much higher. I want you to be happy with your final product and large prints through more "casual" print companies can be disappointing. For quality prints in all sizes, I recommend Mpix (www.mpix.com). Please note that only edited pictures will be given as digital images. You may choose up to 50 pictures to be edited and purchased as hi-resolution digital images. Please see my FAQ section to see why unedited pictures are not available for purchase or download.

Prints

Pictures will be printed using high quality paper. Each picture you choose will be edited to improve the picture quality. A UV protective coating is available and recommended for all prints. Prints 11 x 14 and larger should be mounted. Check out the portrait packages for a more economical way to purchase pictures.

Session Referral Discount

Refer a friend to Shinn Shots and receive \$30 toward your print order. When they let me know that you sent them, I will email you a code to be used during checkout.

Print Referral Discount

On the proofing website, there is a link on the right so that you may email pictures to friends and family. If your friends make a purchase, they can enter a code at checkout to receive \$5 off their order. When they make a purchase using that code, you will receive 10% from their order total in the form of a photo credit to be used for your own photo purchases. You will be assigned a separate code to be used at checkout. Both of these deals are in addition to any other current promotions.

Fundraisers

I love to donate my time and talent for a good cause. Please contact me if you would like to set up a fundraiser with Shinn Shots.

Shinndigs

A Shinndig is a chance to get together with your friends and end up with some wonderful pictures of your kids! There are two types of Shinndigs:

Portrait Shinndig: At a portrait Shinndig, the host and each friend will receive a free 30 minute portrait session. Friends should arrive in 30 minute intervals so that the kids will not have to wait around to take pictures. Kids who have already had their pictures taken will be able to help entertain their friends during portrait sessions. Pictures will be more posed, but there will still be some candid shots taken during the sessions.

Party Shinndig: At a party Shinndig, everyone shows up at the same time. I'll take candid pictures during the get-together. All pictures will be candid with no posing.

This is not a high pressured sales party. I believe the pictures will sell themselves. The host and friends will receive a card when they leave that has the web address for the pictures taken that day. People can look at the pictures on their own time, in their own home. They can order as many or as few as they'd like. There is no selling during the Shinndig...just picture taking.

The host and his or her friends will all receive something for attending.

The host will receive

- \$50 photo credit
- 10% of total sales from the photo party in the form of a photo credit
- \$30 photo credit for any friends that sign up for a portrait session within the month
- \$50 photo credit for any friends that sign up to host their own picture party within the month

His or her friends will receive

- \$5 off of every \$20 they spend with Shinn Shots
- \$30 photo credit for any friends they refer to Shinn Shots that sign up for a portrait session within the month

If you would be interested in hosting a Shinndig, drop me a line!

ADD-ONS

Glossy Finish

All photos will be finished in a matte/luster finish unless this option is chosen.

There is no additional charge for glossy finish.

Print Coating

This is a water based finish coating to protect your pictures.

UV Protection Coating

This is a water based luster finish coating to protect your prints from fingerprints and the elements. It also provides UV protection. This is available in matte/luster finish only.

Brush Texture Coating

This is a water based finish that helps protect your prints from UV lighting. It creates the look of an artistic painting.

| Size | UV Protection Coating | Brush Texture Coating |
|-------------|------------------------------|------------------------------|
| 3.5 x 5 | \$2.00 | \$9.00 |
| 4 x 6 | \$2.00 | \$9.00 |
| 5 x 7 | \$2.00 | \$9.00 |
| 8 x 8 | \$2.00 | \$9.00 |
| 8 x 10 | \$2.00 | \$9.00 |

| 12 x 18 | \$4.00 | \$13.00 |
| 16 x 20 | \$4.00 | \$15.00 |

Mounting

Have your picture mounted to create a more durable print, to be used in frames without glass, or to be hung on the wall without a frame.

Standard Weight Board

Standard weight board is a thin light weight board mounted on the back of the print. It provides sturdiness to the print, similar to a cardboard backing. The standard weight board is not recommended for print sizes 11x14 or larger. Color: White

Double Weight Board

Double weight board is a light weight board mounted on the back of the print. It is thicker than the standard weight board and provides additional sturdiness to the print. The double weight board can be used for any print size. Color: White

Foam Board

Foam board is a very light weight board mounted on the back of the print. It is not as sturdy as double weight board or gatorfoam. Ideal for using at a show, velcro can be added to the foam board and the picture may be hung on a display. Color: White

Gatorfoam 3/16"

Gatorfoam is more sturdy than foamboard. It is a foam board with a hard front and back mounted on the back of a picture. Gatorfoam does not bend as easily as foam board. Color: Black

Styrene

Styrene is a plastic board. It is lightweight and is the same thickness as the standard weight board. A good use for this board is to mount a canvas print that you do not want stretched on to a frame. Available only for prints 5x7 or larger. Color: White

Hardboard or Masonite

Hardboard/Masonite is a very heavy, sturdy particle board that is mounted on the back of your print. It is ideal for mounting a canvas print that you do not want on a stretcher frame. Only available for 8x10, 11x14, and 16x20 sized prints. Color: Wood

Stand Out Board

Stand out board is 1 1/2 " thick and has a clean black edge. It comes with three holes in the back that allow the print to be hung without a frame. Stand out board is available only for 8x10, 11x14, and 16x20 print sizes. Color: White with black edge.

Lamination

Lamination is the best way to protect your pictures from dirt, fingerprints, UV problems, and the atmosphere. Lamination allows you to take a damp cloth to your picture without ruining it. The laminate is applied to the front and back of your picture. There is no laminate left around the edge of the picture. You can choose various finishes from high glass to matte, or add texture to your prints.

3 ml Glossy

A 3 ml glossy laminate is added to the front and back of your picture to protect your print from dirt, fingerprints, UV problems, and the atmosphere.

5 ml High Gloss

A 5 ml glossy laminate is added to the front and back of your picture to protect your print from dirt, fingerprints, UV problems, and the atmosphere.

5 ml Matte

A 5 ml matte laminate is added to the front and back of your picture to protect your print from dirt, fingerprints, UV problems, and the atmosphere. The matte laminate provides more texture to the picture.

Matte-Pebble

A textured laminate is added to the front of your picture to protect your print from dirt, fingerprints, UV problems, and the atmosphere. The Matte-Pebble laminate provides texture and a unique look to the print.

Giclee Inkjet Prints

Giclee inkjet prints are high resolution prints created with sprayed inks on a variety of surfaces. They have the longevity of standard photographic prints. Because the print may smear if gotten wet, a UV protection print coating is added to prevent smearing and to provide additional protection for the print.

Inkjet Photo Matte Paper

Inkjet photo matte paper is high quality paper that provides a matte finish to the giclee inkjet print.

Inkjet Photo Semi Matte Paper

Inkjet photo semi matte paper is high quality paper that provides a semi-matte finish to the giclee inkjet print. This print looks very similar to a typical picture print.

Premium Photo Luster Paper

Premium photo luster paper is premium paper with a matte finish for giclee inject prints. This print looks very similar to a typical picture print.

Smooth Fine Art Paper

Smooth fine art paper turns your giclee inkjet print into a beautiful piece of art that resembles a water color painting.

Textured Fine Art Paper

Textured fine art paper turns your giclee inkjet print into a beautiful piece of art that resembles a water color painting.

Giclee Canvas Prints

Giclee canvas prints are prints created by sprayed inks on a piece of canvas. Canvas prints may be put on a stretcher frame or you may select "print only" and mount the print on styrene or hardboard/masonite. If you would like to mount a canvas print, please select the appropriate mounting add-on. Because the print may smear if gotten wet, a UV protection print coating is added to prevent smearing and to provide additional protection for the print.

Canvas Gallery Wrap on 5/8" Frame

Canvas gallery wrap is a giclee canvas prints stretched onto a 5/8" frame. This gives you a piece of art ready to hang without the cost of framing. It also shows the image around the edges of the stretcher frame for a 3D look.

Canvas Gallery Wrap on 1 3/8" Frame

Canvas gallery wrap is a giclee canvas print stretched onto a 1 3/8" frame. This gives you a piece of art ready to hang without the cost of framing. It shows the image around the edges of the stretcher frame for a 3D look.

Canvas Print Only

Giclee canvas prints are prints created by sprayed ink on a piece of canvas. It is recommended that you mount the canvas onto styrene or hardboard/masonite. Please select the appropriate mounting add-on in addition to this canvas print.
